Fidelity Funds - China High Yield Fund W-MINCOME(G)-GBP (hedged)

(ISIN:LU2184871734)

This fund is managed by FIL Investment Management (Luxembourg) S.A.

Objectives and Investment Policy

Objective: The fund aims to provide a high level of income over time.

Investment Policy: The fund invests at least 70% of its assets, in below investment grade or unrated debt securities of issuers that are headquartered or do most of their business in the Greater China region, including China, Hong Kong, Macau and Taiwan. These securities will be subject to high risk and will not be required to meet a minimum rating standard and may not be rated for creditworthiness by an internationally recognised rating agency. The fund may also invest in money market instruments on an ancillary basis.

The fund may invest in the following assets according to the percentages indicated:

China offshore bonds (including dim sum bonds): up to 100%

Listed China onshore corporate and government bonds including urban investment bonds, asset-backed securities and below investment grade, or unrated bonds (directly and/or indirectly): up to 60% (in aggregate)

hybrids and contingent convertible (CoCo) bonds: less than 30%, with less than 20% in CoCos.

The fund may also invest in other subordinated financial debt and preference shares.

The fund's exposure to distressed securities is limited to 10% of its assets.

Investments of the fund are not currency constrained.

Investment Process: In actively managing the fund, the Investment Manager uses in-house research and investment capabilities to identify suitable opportunities across bond issuers, sectors, geographies, and security types. This may include an assessment of a bond issuers' creditworthiness, macroeconomic factors, and valuations. The Investment Manager takes into account Sustainability Risks in its investment process.

For more information, see "Sustainable Investing and ESG Integration".

Derivatives and Techniques: The fund may use derivatives for hedging, efficient portfolio management and investment purposes.

Base Currency: USD.

Benchmark: ICE BofA Asian Dollar High Yield Corporate China Issuers Index. Used for: performance comparison only. The Investment Manager is not constrained by the benchmark and there are no restrictions on the extent to which the fund's performance may deviate from that of the benchmark.

Risk Management Method: Commitment.

Distribution: Income earned by the fund is reinvested in additional shares or paid to shareholders on request.

Risk and Reward Profile

Historical data may not be a reliable indication for the future.

The risk category shown is not guaranteed and may change over time.

The lowest category does not mean a "risk free" investment.

The risk and reward profile is classified by the level of historical fluctuation of the Net Asset Values of the share class, and within this classification, categories 1-2 indicate a low level of historical fluctuations, 3-5 a medium level and 6-7 a high level.

The value of your investment may fall as well as rise and you may get back less than you originally invested.

The fund may invest in instruments denominated in currencies other than the fund base currency. Changes in currency exchange rates can therefore affect the value of your investment.

This fund is categorised in risk class 6 because, in accordance with the investment policy, the value of the investments may fluctuate considerably. Consequently, both the expected return and the potential risk of loss may be high.

Additional risks: credit, emerging markets, interest rate, liquidity.

Recommended holding period: This product may appeal to investors who plan to hold their investment for a recommended holding period of at least 5 years.
