Fidelity Funds - Climate Transition Bond Fund

a sub-fund of Fidelity Funds

Fidelity Funds - Climate Transition Bond Fund W-GBP (hedged)
(ISIN:LU2115357506)

This fund is managed by FIL Investment Management (Luxembourg) S.à.r.l.

Objectives and Investment Policy

Objective: The fund aims to achieve capital growth over time and provide income.

Investment Policy: The fund invests at least 70% of its assets, in investment grade corporate debt securities anywhere in the world, including emerging markets. The fund may also invest in money market instruments on an ancillary basis. The fund focuses on supporting the climate transition by investing in bonds or bonds of issuers that; (i) contribute to climate objectives aligned with one or more of the United Nations Sustainable Development Goals; (ii) use bond proceeds to finance projects benefiting environmental or climate-related sustainability; (iii) aim to improve management of climate-related risks and opportunities. The fund may invest in the following assets according to the percentages indicated:

Listed China onshore bonds (directly and /or indirectly) up to 30% (in aggregate) with direct exposure up to 10%

Hybrids and contingent convertible (CoCo) bonds: less than 30%, with less than 20% in CoCos.

The fund may also invest in subordinated debt and preference shares.

The fund will aim to have a lower carbon footprint compared to that of the broader market.

Investment Process: In actively managing the fund, the Investment Manager uses in-house research and investment capabilities to identify suitable opportunities across bond issuers, sectors, geographies and security types. This may include an assessment of bond issuers' creditworthiness, macroeconomic factors, and valuations. A minimum of 80% of the fund's investments are used to meet the environmental or social characteristics promoted by the fund, as described in the fund's investment policy. In addition, the Investment Manager may consider ESG ratings and other ESG criteria when assessing investment risks and opportunities and may invest in securities of issuers with low but improving ESG profiles.

Through the investment management process the Investment Manager aims to ensure that investee issuers follow good governance practices.

For more information, see "Sustainable Investing and ESG Integration" and the Sustainability Annex.

Derivatives and Techniques: The fund may use derivatives for hedging, efficient portfolio management and investment purposes.

Base Currency: USD

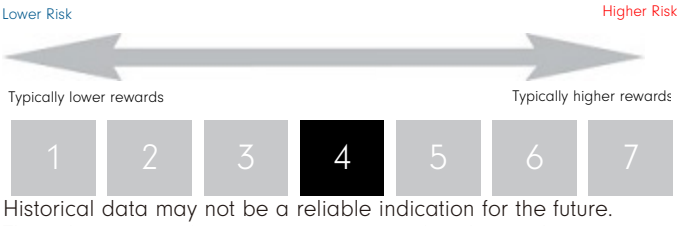

Benchmark: Bloomberg Global Aggregate Corporate Index, a broad market index that does not take into account ESG characteristics. Used for: investment selection, risk monitoring and performance comparison.

The fund invests in securities of the benchmark, however, the management of the fund is discretionary, therefore the fund may invest in securities not included in the benchmark, and its performance over any period may or may not deviate significantly from that of the benchmark.

Risk Management Method: Commitment.

Distribution: Income earned by the fund is reinvested in additional shares or paid to shareholders on request.

Risk and Reward Profile

Historical data may not be a reliable indication for the future.

The risk category shown is not guaranteed and may change over time.

The lowest category does not mean a "risk free" investment.

The risk and reward profile is classified by the level of historical fluctuation of the Net Asset Values of the share class, and within this classification, categories 1-2 indicate a low level of historical fluctuations, 3-5 a medium level and 6-7 a high level.

The value of your investment may fall as well as rise and you may get back less than you originally invested.

The fund may invest in instruments denominated in currencies other than the fund base currency. Changes in currency exchange rates can therefore affect the value of your investment.

This fund is categorised in risk class 4 because, in accordance with the investment policy, the value of the investments may fluctuate moderately. Consequently, both the expected return and the potential risk of loss may be average.

Additional risks: credit, emerging markets, interest rate.

Recommended holding period: This product may appeal to investors who plan to hold their investment for a recommended holding period of at least 3 years.
