Fidelity Funds - European Multi Asset Income Fund

a sub-fund of Fidelity Funds

Fidelity Funds - European Multi Asset Income Fund A-Euro
(ISIN:LU0052588471)

This fund is managed by FIL Investment Management (Luxembourg) S.à.r.l.

Objectives and Investment Policy

Objective: The fund aims to provide income over time.

Investment Policy: The fund invests at least 70% of its assets in equities and debt securities of issuers that are listed, headquartered, or do most of their business in Europe, and European governments.

The fund may invest in the following assets according to the percentages indicated:

- European investment grade bonds: up to 70%
- European below investment grade bonds: up to 50%
- European equities: up to 50%
- European government bonds: up to 50%
- China A and B shares and listed onshore bonds (directly and/or indirectly): less than 10% (in aggregate)
- hybrids and contingent convertible (CoCo) bonds: less than 30%, with less than 20% in CoCos
- alternative investments, such as infrastructure securities and REITs: up to 20%
- non-European investments (including equities, government bonds, investment or below investment grade bonds, emerging market debt or eligible alternative investments): up to 20%
- money market instruments: up to 25%
- SPACs: less than 5%

The fund's exposure to distressed securities is limited to 10% of its assets.

Investment Process: In actively managing the fund, the Investment Manager combines macroeconomic, market and fundamental company analysis to flexibly allocate investments across asset classes and geographic areas based on their potential to generate income. It considers ESG characteristics when assessing investment risks and opportunities. In determining ESG characteristics, the Investment Manager takes into account ESG ratings provided by Fidelity or external agencies. Through the investment management process, the Investment Manager aims to ensure that investee companies follow good governance practices.

A minimum of 70% of the fund's assets will adhere to specific multi asset ESG criteria. For more information, see "Sustainable Investing and ESG Integration" and the Sustainability Annex.

Derivatives and Techniques: The fund may use derivatives for hedging, efficient portfolio management and investment purposes.

Base Currency: EUR.

Benchmark: None.

Risk Management Method: Commitment.

Distribution: Income earned by the fund is reinvested in additional shares or paid to shareholders on request.

Risk and Reward Profile

Historical data may not be a reliable indication for the future.

The risk category shown is not guaranteed and may change over time.

The lowest category does not mean a "risk free" investment.

The risk and reward profile is classified by the level of historical fluctuation of the Net Asset Values of the share class, and within this classification, categories 1-2 indicate a low level of historical fluctuations, 3-5 a medium level and 6-7 a high level.

The value of your investment may fall as well as rise and you may get back less than you originally invested.

The fund may invest in instruments denominated in currencies other than the fund base currency. Changes in currency exchange rates can therefore affect the value of your investment.

This fund is categorised in risk class 4 because, in accordance with the investment policy, the value of the investments may fluctuate moderately. Consequently, both the expected return and the potential risk of loss may be average.

Additional risks: emerging markets, credit, interest rate.

Recommended holding period: This product may appeal to investors who plan to hold their investment for a recommended holding period of at least 3 years.

Charges for this fund

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

| One-off charges taken before or after you invest | |
|---|-------|
| Entry charge | 5.25% |
| Exit charge | 0.00% |
| The entry and exit charges shown are maximum figures. In some cases you might pay less - you can find this out from your financial adviser / distributor. | |
| Charges taken from the fund over a year | |
| Ongoing charges | 1.49% |
| Charges taken from the fund under certain specific conditions | |
| Performance fee | N/A |

This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.

The ongoing charges figure is based on expenses for the year ending 30/04/2025. This figure may vary from year to year. It excludes:

- performance fees (where applicable);
- portfolio transaction costs, except in the case of an entry/exit charge paid by the fund when buying or selling units in another collective investment undertaking.

For more information about charges, including the possibility that swing pricing may apply, please consult the most recent Prospectus.

Past Performance

Past performance is not a guide to future performance results.

If any, the past performance shown takes into account the ongoing charges with exception of any applicable entry/exit charges.

The fund and the class were launched on 17 October 1994.

Past performance has been calculated in EUR.

¹Performance prior to 2019 was achieved under circumstances that no longer apply
